Air Purifiers

You may have noticed the large air purifiers in the sanctuary and fellowship hall. They provide medical-grade filtration that can significantly reduce airborne contaminants like viruses, bacteria and allergens. They are turned on before our services and provide coverage in just 30 minutes. The safety of our congregation during our worship experience and fellowship between services will continue to be a top priority.

We are excited to share that we have finally upgraded our church's internet from coax to **fiber-optic**! It also increases the capacity for our guests to have a better wi-fi experience. Remember to log into the **Hartford-Guest** wireless credential using the password **Resource123**.
